FOOD PAIRING: It matches perfectly well with strong tasting fish and with a greasy texture such as tuna fish, salmon and even codfish. The best choice for this wine is red meat, grilled, as hamburger, roast beef, carpaccio, or stews with herbs or mushrooms. Also perfect with duck, rabbit, all type of game and poultry and chicken as well. Cheese is also a good pairing, those cured, but also with blue ones, brie or cheddar. Excellent with cheese fondue.
